TRI-WEEKLY — MONDAY, WEDNESDAY, FRIDAY — MEMBER OF THE ASSOCIATED PRESS

WEATHER
Southern California: Generally sunny today and Tuesday but partly cloudy east portion with few scattered thunderstorms southeast portion; local night and morning fog or low clouds along south coast; little change in temperature.

VOL. LII. UPLAND, CALIFORNIA, MONDAY, JULY 7, 1947 NUMBER 157

Around Town

BY THE TOWNSMAN

MORE NAMES

Finding a suitable name for Upland's new park is apparently attracting attention in other cities as well as locally.

A letter today from A. M. Huxtable in Strathmore suggests the name, "Upmount Park," because it is "short and easy to say and takes in Upland, the mountains and includes the park."

Mr. Huxtable is against any "Memorials". It sounds too "gloomy for a pleasure resort," he says. The writer is a former resident of Upland, having also lived in the Heights.

TWO MORE

Here are more suggestions received for naming the park.

Mrs. I. L. Wire, 257 Laurel avenue, submits "Sunrise Park." It is east of town and the sun rises in the east and development of the park heralds the dawn of a new day for Upland, Mrs. Wire says.

A postcard from O. Minzlaff, 1177 East Ninth street, asks, "Why all those strange names? Why not name the park, "Foothill Park?" It is in the foothills, close to Foothill boulevard and everybody will find it there."

SEND SUGGESTIONS

The response to our call for suggestions to name the park has been very gratifying. Many people have called, written or made their suggestions personally. It shows the great interest the people of Upland have in their park. More suggestions will be welcomed since everybody should have a voice in selecting a name. Just send them to "Around Town", The Upland News.

LIONS WIN

The roaring Lions did it again. Taking advantage of every break and bunching their hits where it counted the most, they handed the Rotarians their third defeat in two years. Needless to say, Squeek Wilson made the difference in the two teams and so don't be surprised if Squeek suddenly disappears from town just before the annual contest.

DINNER AGAIN

It seems as if the Cucamonga, Alta Loma and Etiwanda service clubs never get tired of eating. Now they're planning a big stag of the three clubs at Duffy's July 16, with the fish being provided by Clarence E. Ingram of the Sierra Electric in Cucamonga. Clarence, you remember, hauled in a huge swordfish the other week and that's where the free fish comes in. Happy eating, boys.

GOOD UMPS

Both Johnny Meek behind the plate and Lew Fuller on the bases did a fine job of umpiring the Rotary-Lions game. Meek is getting to be a tradition for these games. Incidentally, P. H. "Mac" McQuillen's comments on the microphone during the game were enjoyed by everyone. We thought "Mac" did a bang-up job, even if he had to be "talked into" doing it.

20-30 BOYS

The Upland 20-30 club had everything under control as far as soft drinks, sandwiches and ice cream went. Of course, they looked like they were still in diapers compared to the aging Lions and Rotarians but they did a good job anyway. They made over $200 for the Upland Health center besides.

JUST LOOKING

Lowell Bartlett, Chaffey school board member, had quite a time finding everybody in his party for the family picnic dinner. But he finally managed to get all of them together and the repast proceeded without and further hitches.

DUKE'S SHIRTS

"Duke" of Duke's Men's shop gave away four sport shirts at the afternoon game between the Upland Merchants and the San Bernardino Argonauts. He offered a shirt to the member of each team who drove in the first run with a hit and two more to the Upland nine for the players bringing in the tying and winning runs. We call that really being sports-minded. Nice going, Duke.

GRAND DAY

It was a lot of fun and a great day for Upland. We hope there will be more similar events in the future.

SINGS TONIGHT

Of special interest to Uplanders will be the appearance of Olive Mae Beach Pierce on the KFI Hollywood bowl auditions tonight. She is the daughter-in-law of Mr. and Mrs. Edgar Pierce, Hillcrest drive, and has appeared on many other radio and concert programs in the past. She sings at 9 o'clock on KFI.

Start Drive In Upland To Back Kaiser Proposal

The campaign to urge the Reconstruction Finance corporation to accept the proposal of the Henry J. Kaiser Co. for an adjustment of loans on the Fontana steel mill moved into Upland today.

A letter to all merchants and business men was being prepared by the Upland chamber of commerce, asking support of the proposal because "cheaper steel means more jobs, more purchasing power, more production and more security against depression."

The letter goes on to state that over $30,000,000 annually in steel is being produced at Fontana and that "there is every reason to believe that it will soon be stepped up to $50,000,000."

"Upland and vicinity is vitally concerned because this money is made and spent in the west," A. R. Morrison, chamber secretary said. "For example, 33-1/3 per cent of the executive payroll is also located to the west. Over $2,000,000 worth of services are purchased annually and the county tax rates paid by the industry are re-distributed on a local basis."

"The chamber is urging not only business men but others as well to write a letter to John Goodloe, chairman, Reconstruction Finance corporation, 811 Vermont avenue, Washington, D. C., stating that they favor the Kaiser proposal. Form letters are available at the chamber office.

The chamber directors at a recent meeting went on record favoring the re-financing of the Fontana Steel mill as proposed by Mr. Kaiser.

The letter campaign has been undertaken by 100 chambers of commerce at the suggestion of the Western States Council.

Issue Permits For 2 Homes

Building permits for two new houses have been taken out so far this month, Building Inspector Richard Derby revealed today.

Thursday, a $3,000 permit was issued to Marvin Ruth, 557 C street, for a new home at 541 C street. the residence will consist of three rooms with bath.

Saturday, Clint Moore, 263 G street, accepted a permit for a $6,000 home at 660 Pine street. The residence, a wood frame structure, will consist of five rooms and bath.

Find Stolen Bike

Another stolen bicycle was reported Saturday by Ronald Hemsley, 95 North Eighth avenue. He reported to police that his machine was taken from in front of the Grove theater. Police said the bike was later recovered and returned to the boy.

$2.50 Rate Goes Into Effect For Outside Water

Effective immediately city water users outside of the incorporated limits of Upland will pay $2.50 for the first 700 feet as compared to the $1.60 rate which has been in effect.

Accepting the recommendation of its water committee, the Upland city council established the higher rate for outside water at its regular meeting Thursday night. Councilman James Goodban made the report of the committee to the council.

The council thus brought to realization an action long contemplated to meet the increasing cost of city government .Mr. Goodban, in his report, stated that while taxes has been raised in the past water rates had not. Also, he pointed to the increased assessed valuation which would mean, he said, that Upland residents will have to pay more tax money, even though the tax rate remains the same.

(In a letter to San Antonio Heights residents, which appeared in The Upland News June 27, Mr. Goodban stated that the citizens of Upland are already paying taxes to retire water bonds voted when the system was brought and improved and through their taxes are helping to maintain it).

IN EFFECT

The motion boosting the water rates was made by Councilman Paul Hottel and stated that the recommendation of the water committee be approved and be put into effect at the next billing of water bills.

At a previous meeting the council went on record denying the granting of water permits to residents outside of the city in the future.

Water for Upland citizens remain at the $1 rate.

Told by R. G. Manley, city manager, that the health arrangement with the county of San Bernardino had worked out satisfactorily, the council renewed the contract for another year.

A request for the placing of a neon sign on Foothill boulevard to call attention to a miniature golf course set back more than 45 feet was referred to the planning commission.

GETS WATER

The council granted a permit for outside water to Dr. Paul W. Wise,

(Continued On Page 6)

INCLUDE UPLAND IN SEARCH FOR WAYNE BOWERS

Upland was included in the search for Wayne (Butchie) Bowers, three-year-old son of a Marine Master Sergeant, found near Big Bear yesterday following a 58 hour search.

Acting on a tip that the youngster had been seen in this community, the child's father, Claude W. Bowers, drove here yesterday, it was reported.

Butchie was found half-asleep against a log in a canyon only four miles from his parents cabin. Three hundred men, including a detachment of 150 marines, had combed the area around the resort for two days, according to Associated Press.

Injuries Prove Fatal To Jones

Injuries received in an automobile accident near Red Mountain last Wednesday proved fatal to David Frank "Speedy" Jones, 42, 292 North Eighth avenue, who passed away yesterday morning at the San Antonio Community hospital.

Mr. Jones was enroute to Bishop on a fishing trip when his automobile blew out a tire and overturned. Given emergency treatment at Ridgecrest, he was later brought to the local hospital.

Owner of the O.K. barber shop on North Second avenue, Mr. Jones was a member of the Upland Odd Fellows lodge and was well known in Upland.

Survivors include his wife, Una C.; two daughters, Lois Joy and Leta Mae, both at home; five sisters, Mrs. D. V. Lawther, Wilmington; Mrs. Ira Hacklander, St. Paul, Minn.; Mrs. Ray McQuarie, Elmore, Minn.; Mrs. R. C. Siple, Cherokee, Iowa, now in Upland, and Mrs. Lee L. Lourch, Tekamah, Nebr.; and one brother, J. S. Jones, Pomona.

Final rites will be held at Stone's mortuary, Wednesday, at 2 p.m. with the Rev. John A. Luther, pastor of St. Mark's Episcopal church officiating. Interment will me at Bellevue cemetery.

Offer Folk Dancing Here

Persons interested in folk dancing, whether children, teen-agers or adults, are asked to register with Mrs. Arthur Relph, instructor in the Upland summer play program.

Night classes one or two times per week are to be organized if enough interest is shown. Mr. Relph said.

Other activities of the program are also going forward, according to Mrs. Ann Waggoner, assistant director.

Oil paintings are now being done in the arts and crafts classes. The drama class has begun work on a new play, "Robin Hood," slated for presentation later.

The Cub scouts have slated a meeting today to work out details of a hike which is being planned.

Attendance today was 207, one of the largest ever recorded.

One Hurt Slightly In Auto Accident

A minor accident, in which one person was slightly injured, occurred Saturday evening on East Nineteenth street, approximately 200 yards east of the Old Baldy packing house.

Drivers involved were Clayton E. Hamilton, 21, Alta Loma, and Jose Temores Lomeli, Old Baldy camp. Injured, with a slight cut above one eye, was Socorro Lopez Lomeli, 20.

Police said the accident occurred when Lomeli turned his machine in front of Hamilton's as the latter was proceeding east on Nineteenth street. Lomeli was making a left turn off Old Baldy road. He was cited by police.

Take Steps For New Annexation West Of City

Necessary steps to annex to the city of Upland property west of the city was authorized by the Upland city council Thursday night.

Receiving a new petition from land owners in the area from Thirteenth avenue to Foothill boulevard and from Benson to Central, the council instructed to city attorney to prepare documents and take necessary action to incorporate the land under provisions of the state Uninhabited act.

Under this new arrangement no election need to be called. Where there are less than 12 electors in an area a petition by majority of property owners is sufficient to council action.

Under the new petition, the Cable airport is excluded from the annexation.

Section Houses

A letter from E. C. Johnson, chief engineer of the Pacific Electric, stating that the matter of moving the PE section houses was still under investigation was read. Mr. Johnson said that some definite action would be taken within the next 10 days or two weeks.

The bid of Harris & Company for drilling of a new well 24 inches deep was accepted by the council.

H. S. Hoard reported that the offer made at a previous council

(Continued on Page Six)

Boy Escapes From Jail

A 15-year old boy, being held as a runaway juvenile, escaped yesterday afternoon from the Upland city jail, apparently by squeezing between bars on the window of the juvenile detention ward, police said today.

The youth and a 14-year old companion were picked up on Foothill boulevard Saturday night. They were being held for return to their families. One of the youths resides in Lindsay and another in Porterville.

A general alarm was immediately broadcast. It is believed the boy was heading for Colton.

Gives Views On New Rent Law

With his office being swamped with calls from both landlords and tenants relative to the new rent control law, George J. MacDonald, area rent control director in San Bernardino, today issued a statement designed to clarify provisions of the act.

Some landlords, he said, have issued eviction notices without authorization under the bill.

Although eviction powers have been returned to the state courts, there are only five instances in which landlords may issue valid eviction notices, he declared.

Invite Members For Valley Theatre

Members of the Valley Community theatre are extending an invitation to anyone experienced or interested in learning stagecraft to attend their meeting tomorrow evening in Claremont.

The community theatre, branch of the Foothill Music asociation, will meet in the Woman's clubhouse, 232 West Twelfth street, Claremont, at 7:30 o'clock. Anyone interested in working in the theatre will have the opportunity to learn stagecraft, properties or costume designing.

Readings for the next production of the group on August 18 to 21 will be held at the Woman's club house in Claremont, 7:30 p.m. Thursday.

Slate Preliminary In Theft Case

Murvel E. Hogge, 936 East A street, Ontario, will face preliminary examination on grand theft charges Thursday morning at 10 a.m. before Judge Fred H. Jacobs here.

Hogge was arraigned last Wednesday. He has allegedly admitted theft of an automobile belonging to P. C. Dowse, 711 Washington boulevard.

Plea Made To Allow Displaced Persons Into United States

'Offer Them New Opportunity' Truman Declares

WASHINGTON, July 7, AP — President Truman today asked Congress to admit a "substantial number of Europe's displaced persons into the United States as immigrants.

In a message, Mr. Truman told Congress "special legislation limited to this particular emergency" would be necessary if the United States is to share in offering "an opportunity for a new life to these people."

The President said Congress would be dealing "solely with an emergency problem growing out of the war—the disposition of a specific group of individuals, victims of war who have come into the hands of our own and the other western allies armies of occupation in Europe."

Since the end of the war, Mr. Truman said, the armies of occupation have been able to return to their homes approximately 7,000,000 people. He added:

"But there still remain in the western zones of Germany and Austria and in Italy close to a million survivors who are unwilling by reason of political opinion and fear of persecution to return to the areas where they once had homes.

"The great majority come from the northern Baltic areas, Poland, the Russian Ukraine and Yugoslavia."

STARRED IN "PIRATES OF PENZANCE"

Two singers and entertainers well-known to Chaffey audiences are Shirley Stewart, Pomona, and Charles "Chuck" Adams, Ontario, both of whom have leading roles in the "Pirates of Penzance" which will be presented at the Chaffey auditorium July 15 by the Foothill Music and Drama association. Miss Stewart will alternate with Catherine Sibley, Azusa, in the role of "Mable" while Mr. Adams will play part of the "sergeant of police."

MARS FOURTH WEEKEND

Three Killed at Crossing; Inquest Set For Tuesday

An inquest into the deaths of Miguel Ramos Aguirre, Pedro M. Adama and Nicholas Santoyo, killed a few minutes after midnight Saturday in a truck-train accident at the Central avenue crossing of the Pacific Electric lines, was slated for tomorrow at 10 a.m. at Stone's mortuary.

The accident, one of the worst in Upland history, also injured seven persons. All had been discharged from San Antonio Community and Pomona Valley hospitals today.

The accident, involving a truck carrying 13 citrus company employees and an 11-car Pacific Electric freight, occurred at 12:26 Saturday morning.

The truck, driven by Tranquilino Sabala, 35, 53 East Maitland, Ontario, was proceeding north on Central following a day-long outing at Long Beach.

The train, consisting of two electric units, eleven cars and a caboose, was proceeding west at approximately 20 miles per hour, according to S. Sherritt, Los Angeles, the engineer-motorman.

In his statement, Sabala told police he was driving at about 30 miles per hour, and that he saw no light and heard no whistle as he approached the intersection.

Two Viewpoints

Sherritt asserted that his headlight was on and the train whistle blowing. His statement was corroborated, according to officers by R. J. Toles, Los Angeles, brakeman; L. G. Wait, Los Angeles, brakeman and S. B. Paul, Huntington Park, trolleyman, other members of the train's crew.

Two witnesses to the accident were said to have stated they heard no whistle, according to police. These were Charles R. McGee, 1910 Huntington drive and S. K. Corson, operator of a filling station at Ninth and Central.

Officers said there was no wig wag at the crossing and no lights in the area, although the intersection is posted with railroad markers.

Mutilated

Police arriving on the scene found the bodies of the three victims under the forward portion of the train. All had been mutilated, with dismembered portions strewn along the right of way.

Stones ambulance, plus two Ontario ambulances, were required to bear the injured to hospitals.

(Continued On Page 6)

Report College Heights Aroused

Harold N. Barbour, spokesman for residents in the College Heights district, told The Upland News today that a petition calling for the end of transcontinental freight on the Pacific Electric line would be presented to the Upland city council.

Declaring that "the whole neighborhood is aroused and bitter" over the death of three at the Central avenue crossing Saturday night, Mr. Barbour said that "some definite action will have to be taken now." He charged that the Upland line is not equipped for heavy freight and that he and others at College Heights are determined to put a stop to it.

The College Heights district has protested several times in the past on the use of diesel engines by the P. E. and the hauling of transcontinental freight.

Fire In Auto

Upland firemen were summoned to Ninth street and Euclid avenue yesterday to extinguish a car fire. The blaze, caused by leaking gas, occurred in a machine owned by Virgil M. Brown, Loma place. Damage was nominal.

Alta Loma Water Company Names Kilmurray Head

The election of Howard J. Kilmurry as president of the Alta Loma domestic water company was announced following the organization's recent annual meeting.

Other officers elected included Eugene Billings, vice-president; Robert Andreas, Harold Hively, Norman Hixson, M. Carrari and Frank Siweck, members of the board of directors. Edward Hogancamp is to continue as secretary.

The purchase of additional stock, if that should prove necessary in order to increase the company's water supply, was authorized. An investigation is to be made to determine the advisability of such action.

This was decided after Herbert C. Hall, chairman of the company's reservoir committee, presented his report.

The committee was directed to continue its search for a suitable reservoir site.

UP TO STATE

Stop Lights For Euclid and Foothill Aired; Council Finds Itself Helpless

Automatic stop lights for Foothill boulevard and Euclid avenue confronted the Upland city council again Thursday night but nothing could be done about it.

It was brought up by Councilman John Meek, who suggested a weekly letter of reminder to the state highway department. The council unanimously agreed that the need was urgent, but City Manager R. G. Manley said that under the new state highway bill the city had no jurisdiction in the matter.

The council several months ago called upon the highway department for immediate erection of stop lights at Foothill and Euclid. They were informed by E. Q. Sullivan, district highway engineer in San Bernardino, however, that although the project had been approved and money set aside, shortage of materials had made erection impossible. In the meantime, he said the fund had been spent for something else.

Jesse E. Monroe, 695 West Thirteenth street, said that the need for signs was very necessary.

"It's getting so a man living in Upland can't cross his own streets in safety," he said.

One possible bright hope loomed in the horizon, however. Mr. Manley stated that since the state now had more money to spend on highways perhaps they could "afford" to put up the signs sometime soon.

$800 FOR HEALTH CENTER

Thousands Turn Out For 4th Celebration at Park

More than 2,000 people turned out for the Fourth of July celebration and official opening of Upland's new city park Friday, with the crowd believed to have swelled to 20,000 by the time the fireworks display got underway at about 8:45 p. m.

With all proceeds going to the Upland Health center, unofficial figures placed the net at $800 most of which will be used to obtain a dental chair for the city as well as other needed health supplies.

The crowd was kept down in the early afternoon by the heat but a little after 5 o'clock in the evening cars began to come in from all directions and by the time the Rotary-Lions game got underway the bleachers were filled to capacity, with hundreds of others standing around the diamond or sitting in their cars.

DEDICATES PARK

P. H. "Mac" McQuillen, mayor 10 years ago when the park tract was acquired, made the formal speech of dedication and caught the first ball pitched by Spencer Smith to whom Mr. McQuillen gave much of the credit for getting the development of the park started.

Declaring that the "true dedication will come in the time and manner in which we, as friends and neighbors use the facilities (of the park)," Mr. McQuillen said:

"There is something wholesome about these neighborhood affairs. Here we can watch our children at play, hold our family picnics, play the old fashioned game of our childhood and youth and enjoy the competition of those who have graduated into the more skilled classes.

"Here acquaintance should grow into friendship, here, unheckled by the press or work or business we can cast off our burdens of care, our wordly worries and possibly approach the status of normal hu-

Kenneth Hemingway, Bride Wed In Methodist Church, Spend Canadian Honeymoon

Enjoying a honeymoon in Canada are Mr. and Mrs. Kenneth Lee Hemingway who were married Sunday afternoon at the Little Cathedral of the Foothills.

The new Mrs. Hemingway is the former Patricia Mary Imbach, daughter of Mr. and Mrs. William Allen Imbach, Walker avenue, Ontario, while the bridegroom is the son of Mr. and Mrs. E. K. Hemingway, 130 Valle Vista drive, Red Hill.

The impressive double ring ceremony was performed by Rev. John Imbach, uncle of the bride, before 400 guests amid a setting of white gladioli.

The bride, who was given in mariage by her father, chose a beautiful white brocaded satin gown with an illusion net yoke and long pointed sleeves. The bride wore a gold cracelet belonging to the groom's great, great grandmother and carried orchids and boucardia.

Mary Lee Castle of Ontario served as maid of honor. She wore a yellow net over taffeta off the shoulder gown with a large yellow net picture hat and yellow net mitts. Her flowers were salmon colored glads.

Eridesmaids were Elizabeth Graves of Ontario and Florence Stokes of Alta Loma. Both wore identical hats and blue net mitts. They carried fan-shaped bouquets of yellow glads.

Flower girl was Marilyn Imbach of Solvany, Calif. She wore a yellow gown identical to that of the bridal attendants.

Best man was Robert Brand of Cucamonga while ushers serving the groom were Peter Combs of Upland, William Dingle of Ontario, William A. Imbach, Jr., and Robert Hemingway.

Mrs. George Cassell presided at the organ playing "Always," "I Love You Truly" and "Through The Years." She played the traditional wedding marches and accompanied David Murane of Fontana who sang "Because," and "I Love Thee" preceding the ceremony. While the couple knelt before the altar he offered "The Lord's Prayer."

Mother of the bride and the groom both wore aqua dinner gowns with large orchid corsages.

Following the wedding a reception was held at the Upland Woman's club which was decorated with white gladioli. Assisting at the reception were Sally Manker, Mary Naisbitt, Virginia Buchanan and Phyllis and Shirley Imbach. After the bridal couple cut the first piece of their two four-tiered wedding cakes Mrs. H. P. Imbach, aunt of the bride, finishing serving.

The new Mrs. Hemingway was graduated from Chaffey high school with the class of 1946 and attended Chaffey college. The bridegroom also graduated from Chaffey high school and is vice-president of the Karakul Fur Farm Enterprises.

When the couple left for their trip to Canada the new Mrs. Hemingway wore an aqua suit with navy blue and white accessories and an orchid corsage.

Valiton-Hatch Ceremony Performed In Glendale

With a Glendale church providing the setting, James Curtis Valiton, son of Mr. and Mrs. Carnot Valiton, 1412 North Euclid avenue, took as his bride Kathrine Everett Hatch, Redlands.

The couple exchanged vows in a ceremony at the Little Church of the Flowers at Forest Lawn Memorial Park, in Glendale, June 29. The officiating minister was Dr. Glenn Phillips, pastor of the First Methodist church, Hollywood.

The bride, daughter of Mr. and Mrs. Clifford F. Hatch, Mobile, Alabama, wore a gown of white satin and marquisette. Her fingertip veil was held in place with a crown of orange blossoms and she carried carnations.

As matron of honor, the bride's sister-in-law, Mrs. R. B. Hatch, wore blue taffeta and net and carried pale pink gladioli. Best man was Peter Valiton, groom's brother, with Carnot Valiton, Jr., and Bruce Hatch as ushers.

Vocal selections sung by John Lambert were "Because," "Thru the Years" and "The Lord's Prayer." Other music during the ceremony included "Largo," "Liebestraum," "I Love You Truly" and "O Promise Me."

A reception at the home of Mr. and Mrs. Valiton on North Euclid avenue for members of the family followed the ceremony. The new Mrs. Valiton changed to a green print dress with white accessories for their wedding trip to Laguna Beach and they are now at home at 1639 West Fortyninth street, Los Angeles.

Mrs. Valiton attended school at Principia college, Elsah, Ill., and was graduated from the National college of Education at Evanston, Ill. The past year she has been teaching in Redlands. The groom, a graduate of Chaffey high school and college, is employed by Blake Moffit and Towne in Los Angeles.

About People

The Melvin Hamilton Electric Co., 221 North First avenue, has been given the contract for furnishing and installation of the electric motors and all other electrical equipment in the construction of three major southland projects. At Newhall and at West Covina news schools will be erected and at Palm Springs a ready mix cement plant will be erected with the Upland firm being awarded the electrical sub-contract.

Spending the holidays at the beach were Mr. and Mrs. Frank Phillips and sons Edwin and Dick at South Laguna Beach. Their guests were Miss Barbara Canfield, Ontario, and Bill Rugg. The group returned this morning and Mrs. Phillips and Dick will motor back to South Laguna to spend several weeks. Edwin Phillips will remain in the Phillips home on Wilson avenue with his grandmother, Mrs. Lavina Cory of Claremont, as a guest.

Shirley Mason, daughter of Mr. and Mrs. Howard N. Mason, Hillcrest drive, San Antonio Heights, is at home from the Good Samaritan hospital in Los Angeles where she spent two weeks undergoing knee surgery. Miss Mason, a junior student at the University of California at Berkeley, will spend the summer in Upland.

Mrs. Annie Bryant, mother of Mrs. J. W. McConkay, 679 North Second avenue, has returned home from a rest home in Pomona. Mrs. Bryant spent about three months in the home convalescing from injuries received in a fall. She is able to receive company and is anxious to have friends visit her.

Marriage Licenses

James Steven Bigger, 28, upholsterer, to Doris Elizabeth Nix, 845 North First avenue.

Leonard Howard Pelborn, 22, electrician, Ontario, to Jane Louise Smith, 23, clerk, Ontario.

Aubyn Lester Adkins, 27, Haynesville, La., naval officer to Virginia Ann Cherbak, 22, nurse, 200 Hillside, Alta Loma.

John William Meade, 73, 916 East Ninth street, retired, to Laura Frances Meade, 72, 916 East Ninth street, Upland.

Girl Scouts Enjoy Fourth Activities At Camp Conifer

Fourth of July activities for some 60 Girl Scouts from the Chaffey district now attending summer camp included various games and was climaxed with a banquet dinner.

Under the direction of their leaders, the girls at Camp Conifer participated in games and relays during the afternoon of the Fourth. The games, which included hop relays and looking for the "green pine-needle in the dried pine-needle stack," were followed by a treasure hunt with a candy bar for each girl as prizes.

A banquet dinner with special decorations was served in the evening and the day's activities closed with a patriotic camp-fire program.

You will find your cooked rhubarb very attractive in color if you do not peal the young stalks.

James Bigger, Bride, To Reside In Hermosa Beach

In a garden wedding at the home of the bride's mother, Doris Elizabeth Nix of Hermosa Beach exchanged nuptial vows with James Steven Bigger, son of Mr. and Mrs. Shannon Bigger, 517 East Eleventh street, yesterday afternoon.

The ceremony was performed by the Rev. W. L. Asber, a retired Methodist minister, at the home of Mr. and Mrs. Reynold Ziesman, 845 North Fifth avenue. Only intimate friends and members of the family were in attendance.

Given in marriage by Mr. Ziesman, the bride chose a powder blue suit. She wore a white hat and white accessories with a corsage formed by a large white dahlia centered in lavender sweet peas.

Her sister, Mrs. John Ungles of Alhambra, served as the matron of honor. She chose a flowered jersey dress with blue accessories and wore a corsage of rust dahlias. Best man was the groom's cousin, Steven Henderson of Hermosa Beach.

The bride's mother wore a blue-grey flowered jersey dress complimented with a snapdragon corsage while the groom's mother chose a dark-blue figured dress with a white gladioli corsage.

A reception at the home immediately followed with three sisters of the bride, Mrs. Leslie Rosier, Mrs. Ungles and Mrs. J. D. Johnston, serving.

The couple left on a motor trip to an undisclosed destination and expect to return in two weeks. They will make their home in Hermosa Beach.

Mr. Bigger, who received his education in Kansas schools, is employed by the Pullman company, while his bride is a reservation clerk for the Santa Fe railways.

Amos Colborns Tell Daughter's Marriage To Los Angeles Man

Wed in the Wilshire Christian church in Los Angeles June 12, Mr. and Mrs. Donald I. Ricci will make their home in Inglewood. The new Mrs. Ricci is the former Jerrene Bastedo, daughter of Mr. and Mrs. Amos R. Colburn, 732 North Second avenue.

Mr. Ricci, son of Mr. and Mrs. Victor Ricci, of Ontario, Canada, is an active member of the church in which the couple were wed and is credit manager for Dodge Inporated in Los Angeles.

The bride, a native of Upland, attended Upland schools and the University of Southern California. For the past two years she has been teaching at the Cucamonga elementary school.

I TRY UPLAND FIRST

The lady's right . . . try your local merchant first, many of them carry a larger stock than you realize, but if they don't have what you want, you can be sure they will do their best to get it for you.

The point is, you should try at home first . . . your local merchant needs your support . . . He is more than glad to help you . . .

Petrillo Threatens To Ban All Radio Network Broadcasts

Records May Be Made By Union, He Says

WASHINGTON, July 7, AP — James C. Petrillo said today his American Federation of Musicians may seek to ban radio network broadcasts of music when present contracts expire Dec. 31.

The union president also declared a "present intention" to let all music recording contracts expire at the end of the year. He said the union may decide to make records itself.

Petrillo told a House Labor subcommittee investigating his union's activities that he is "considering a new union policy" against all chain broadcasts.

Noting that 603 radio stations now employ no musicians, the union's president said:

"We want to allow these people who are dissatisfied (he referred to the radio networks) to become satisfied.

"If they want to broadcast Harry James, let them bring Harry James to each station."

Petrillo took the position that musical recordings and network broadcasts are forcing unemployment among musicians.

He predicted half the musicians in the country will be jobless within the year.

Many stations now employ no musicians, he said, "because we give them Toscanini from New York; we give them Whiteman; we give them Phil Harris with the Jack Benny show."

Nation's Resources Report Ready Soon

WASHINGTON, AP—William E. Warne, newly-inducted assistant secretary of the interior, said today an initial report on the nation's resources in the light of global needs may be ready within a month.

President Truman on June 22 asked Secretary of the Interior Krug to conduct such a survey. And Krug assigned the task to Warne, who left an Associated Press job as interior department reporter in 1935 to become a public information officer for the bureau of reclamation.

Warne, 41, who later became assistant commissioner of reclamation, moved up into the assistant secretaryship left vacant by the resignation of Warner W. Gardner. Gardner is joining a New York-Washington law firm.

Krug appointed Wesley R. Nelson, Amarillo, Texas, to the reclamation post.

Letters Taken From Mail Box Here

Mrs. C. C. Lichti, 188 South Second avenue, reported to police late Saturday afternoon that someone had removed letters from her mail box.

The letters, she said, were subsequently found by a neighbor in her garage. All had been torn open, but the contents were not removed. One contained a check.

Police said today they were investigating.

GIVE WARNING

ST. LOUIS, July 7, AP—Army engineers warned today that although the flooded Mississippi was subsiding south of St. Louis, many levees were in a weakened condition and required even greater vigilance.

TEEN AGE By Leta E. Gage

"Strikes! Atoms! You'd think Congress could discuss important things like new bathing suits or movie stars."

GIVE TOWN BAD TIME

50 Injured In Disorderly Riot Of Pleasure-Bent Motorcyclists

HOLLISTER, July 7 (AP)—A disorderly mob of pleasure-bent motorcyclists, their reckless spirits fired in many cases by liquor, gave this normally quiet central California county seat a bad time over the week-end.

During the riotous disturbance, in which police were defied and order was restored only after scores had been jailed, at least 50 persons were injured, some seriously.

The turmoil started Friday, when some of the motorcyclists ignored local police and began using the downtown area as a combined racetrack and stunting area.

"If we had jailed everyone who deserved it we'd have herded them in by the hundreds," declared one outraged policeman today.

As it was, police heaved more than 50 law-breakers into jail and collected fines of more than $2.000. Charges included drunkenness, drunken driving, disturbing the peace, and reckless driving. Jail sentences also were imposed in the more serious cases but no tabulation had been made on the number of jail penalties.

Says He Saw 10 "Flying Saucers"

PORTLAND, Ore., AP—Richard Rankin, Palm Springs, Calif., pilot, reports he saw ten "flying saucers" over Bakersfield, Calif., June 23.

"These planes were maybe 9,000 feet up and fairly fast, maybe 300 or 400 miles an hour," Rankin said. "I first counted ten of them in formation, going north. About 2:15 p. m. they returned on the reverse course, headed south, but there were only seven in the formation.

"I couldn't make out the number or location of their propellers and couldn't distinguish any wings or tail. They appeared almost round. They looked just like pictures of the navy's flying flapjack."

DISAGREES

ST. LOUIS, July 7, AP—E. W. Bromwich, treasurer of the Missouri Republican committee, said today he disagreed with Barak T. Mattingly's prediction that Gov. Thomas E. Dewey of New York would get this state's 33 votes for the presidential nomination at the national convention next June.

Holiday Traffic Toll, 500 Dead

(By the Associated Press)

More than 500 persons died of highway traffic and other mishaps during the nation's three-day week-end observance of Independence Day.

From 6 p. m. Thursday until Sunday midnight, there were 248 reported deaths in automobile accidents, 160 drownings, five in fireworks explosions, and 103 from miscellaneous causes, a total of 516.

California had the highest number of fatalities with 38. New York and Pennsylvania had 36 each.

Twenty-five of the deaths in California were from highway accidents. Seven were drownings, five resulted from other kinds of mishaps and one death from a fireworks explosion.

Strike In Coal Fields Looms As Inevitable

WASHINGTON, July 7 (AP)—A strike of at least 60 percent of the nation's 400,000 soft coal miners appears inevitable tomorrow as the wage pact which was to lead the way to peace in the bituminous fields bogged down in last-minute legal tangles.

The other 40 percent of the industry may also be strike-bound Tuesday, when the miners' ten-day vacation is due to end, is the race to complete a contract for the northern and steel company "captive" mines is lost.

A tentative agreement on general terms was reached last Wednesday but this contract must be completed before: (A) Coal mine owners of the south, midwest and Far west can determine whether they want to—or can—buy peace at the same price; (B) Lewis will even talk about an agreement with anyone else.

Call Operation On Brain Publicity Gag

PITTSBURGH, AP—Millard F. Wright, who has spent 15 of his 38 years behind bars, went back to prison after a judge branded as a "publicity stunt" the brain operation he underwent to cure his "criminal tendencies."

Judge J. Malcolm McDonald sentenced the self-styled "Career Burglar" to two to 12 years for 10 robberies committed in 1945.

Commenting on Wright's voluntary submission to the surgery, performed last April 15 with court permission, the judge said:

"It (the story of the operation) reads like the story of a dime novel surgeon. I have no confidence in such surgery. Hopes perhaps, but no confidence."

Dr. Yale David Koskoff, who performed the operation free of charge "in the interests of research," declined comment on the judge's statements.

Social Agencies To Hold Meeting At Casa Colina

Reservations are being taken for the meeting of the County Council of Social Agencies to be held Thursday evening at the Casa Colina Convalescent home for crippled children, Chino.

The dinner meeting, to start at 5:45 o'clock, will feature Mrs. Frances Eleanor Smith, executive secretary of the home, as main speaker. Reservations should be made by calling Ontario, 611-81 before Tuesday evening.

Truman's Plane Sets Record But Unofficial

WASHINGTON, AP—The new Presidential plane, the "Independance," set a new record in its flight from Santa Monica, Calif., but it's not official.

With Lt. Col. Harry T. Myers, President Truman's pilot, at the controls, the big plane landed here at 8:40 p. m. (EST) after leaving Santa Monica at 2:50 p. m. (EST). Lt. Col. Myers figured his time from takeoff until he crossed the national airport at six hours, 40 minutes and 15 seconds.

That bettered Howard Hughes' official record for transport craft of six hours, 57 minutes and 51 seconds, made in 1944, but there was no National Aeronautic association timing for the "Independence" flight. Myers figured he averaged 350 miles an hour, with a tail wind of about 25 miles an hour.

See Break In Slavic Bloc

PARIS, July 7, AP — Semi-official circles in Prague said today Czechoslovakia—a member of the Slavic bloc—had decided to accept an invitation to the Paris conference on the Marshall proposal despite Soviet rejection of the implementation plans.

The decision, the informants said, was taken by the government in Prague on the eve of the delayed departure to Moscow of communist Premier Klement Gottwald and foreign minister Jan Masaryk.

Poland, also within the Russian sphere, is still studying the invitation to the Paris conference, opening Saturday, a foreign ministry spokesman in Warsaw said. He added Poland was "very interested in plans for the reconstruction of Europe."

The French foreign ministry announced six nations already had officially accepted the British-French invitation.

Loot Cash Box At Gas Station

The loss of a steel cash box containing more than $800 in notes and cash was reported to Ontario police by E. R. Patterson, manager of the Standard Oil bulk station, 529 East State street, who said the loss was not noticed until sometime Thursday evening.

Patterson, who resides at 721 East G street, told police that he left the office of the building during the afternoon and when he returned found the box missing.

NOMINATED

WASHINGTON, July 7, AP — William J. Kennedy of Ohio was nominated today by President Truman for reappointment as a member of the Railroad Retirement board.

"FLYING SAUCERS" CONTINUE MYSTIFY COUNTRY; MORE REPORTED IN WEST

SAN FRANCISCO, July 7, AP —From one end of the country to the other, new reports of disc-like "flying saucers" skimming through the skies today added to the mystery which has baffled the nation since June 25.

There was no satisfactory explanation of the phenomenon. The saucers first were reported seen in the state of Washington on June 25. Then persons in other western states said they had seen them. The peak came over the July 4 holiday, when they first were reported seen east of the Mississippi.

The latest tabulation showed the mystery objects had been reported seen in 36 states, the District of Columbia and in Canada.

Yesterday, they were reported seen in more than a dozen states and in southwestern Ontario.

An aerial patrol by the Oregon National Guard failed to sight one of the objects. The guard planned to send a plane today to a spot near St. Maries, Idaho, where one woman said 10 persons saw eight of the discs disappear in timber on July 3.

Kenneth Arnold, businessman-pilot of Boise, Idaho, first reported seeing the discs. He said he saw nine flying in formation at 1,200 miles an hour over the Cascade mountains.

Alta Loma Child Suffers Burns

His left hand and knee severely burned, Jerry Edward Chaffee, six, son of Mrs. M. J. Chaffee, 450 East Nineteenth street, Alta Loma, was treated at San Antonio Community hospital yesterday.

According to hospital attendants, the youngster's clothing became ignited when he stood too close to an open gas heater. He was dismissed following treatment.

Ontario Telephone Failure Reported

All telephones in Ontario were temporarily out of order early Saturday morning when the "bell system" failed to operate properly.

A flood of calls was received at the Ontario police station during the break-down.

Telephone officials said that the equipment was functioning again after a short interval.

Tot Injured In Fall

Tommy Nelson, age two, suffered a lacerated scalp Saturday when he fell from a swing at his home. He was treated at San Antonio Community hospital. Tommy is the son of R. V. Nelson, 990 Sycamore court.

Realtors Hold Open Discussion

An invitation to "get it off your chest" was extended members of the Ontario-Upland Real Estate board when they met at the Bambu hut in Ontario at noon today.

An open forum program was held, according to G. Franklin Torrey, secretary.

NICKEL PIE, NOT IN SKY NETS HIGH

By LYDEL SIMS
AP Newsfeatures

MEMPHIS, Tenn. — Seventeen years ago M. F. Keathley — dead broke and about to lose his job—opened his lunch pail and bit down on a million-dollar idea.

When lunch time came at the Ford plant that day, he had a lot to worry about. The depression was on, and the plant was about

to shut down. And Keathley — a young fellow with two children—had only $3.50 besides his rent money.

He was sitting there eating when he got to thinking about the little muffin-ring pie his wife had fixed for him.

She put them in his lunch every day. The foreman had tasted one, and liked it. So had other fellows at the plant.

What this country needs, Keathley mused, is a good five-cent pie.

There wasn't a nickel pie in Memphis. He went home and told his wife about it.

They spent the $3.50 for flour, shortening, filling and went to work in their eight-by-eight kitchenette. The first day a neighborhood cafe and a grocery store sold 16 dozen pies.

House Approves Cashing Of Terminal Bonds

WASHINGTON, July 7 (AP)—Legislation permitting an estimated 9,000,000 ex-GIs to cash their terminal pay bonds after next September 1 was passed today by the House. It now goes to the Senate.

The House action followed assertions by Republicans and Democrats alike that Congress should have permitted cash payment in the first place, when it enacted the terminal pay law last year. Officers have been paid in cash for the leave time they were unable to obtain while in service.

The 1946 law requires recipients of the bonds to hold them for five years and makes them non-negotiable.

Treasury officials have estimated there are $1,800,000,000 in bonds outstanding and told the House Armed Services committee the effect of cashing them now might be inflationary.

FLASHES OF LIFE

MURALS IN BRASS

BOSTON, AP—Gloucester Artist Lawrence O'Toole is tucking away some sly humor in the murals he is painting as decorations for the first naval district officers' club.

They depict such early American scenes as the launching of the Frigate Constitution and the Boston tea party, but the faces of some of the figures bear sharp resemblance to prominent navy brass hats of this era. O'Toole was a chief in the coast guard during the war.

PREPAREDNESS

Oswego, N. Y., AP—Frank L. Gould, who plans a write-in campaign for mayor, is making sure that his friends will be well equipped to vote for him.

He has placed an order for 1,000 lead pencils to be lettered "Gould for Mayor" for distribution among his friends.

PROFITABLE CHANGE

ARDMORE, Okla., AP—When W. B. Eagle operated his own farm he used to sell watermelons to a dealer for 30 cents a hundred pounds.

Now Eagle has his own watermelon store and what do you suppose he is getting these days?

Five dollars a hundred!

DIES

WASHINGTON, July 7, AP—Mrs. Elizabeth Skinner Ives, 49, wife of Senator Ives (R-N.Y.), died early today in Bainbridge, N. Y.

STATEMENT OF CONDITION
JUNE 30, 1947
POMONA FIRST FEDERAL SAVINGS & LOAN ASSOCIATION

ASSETS

FIRST MORTGAGE LOANS . . $8,193,960.10
On homes and other improved properties, and are of the direct monthly reduction type. Of these $923,643.47 are GI loans which are guaranteed by the Administrator of Veterans Affairs in accordance with the Servicemen's Readjustment Act of 1944, and $1,126,931.78 are Federal Housing Administration loans which are, in effect, guaranteed by the U. S. government.

LOANS ON PASSBOOKS AND CERTIFICATES 58,004.57
Loans to investors which are secured by assignment of their investment account in the Association.

STOCK OF FEDERAL HOME LOAN BANK 88,800.00
The investment in the Federal Home Loan Bank entitles the Association to the advantages of membership and to the credit facilities of the Bank.

U. S GOVERNMENT BONDS . . 797,200.00
These bonds were purchased for the Association's own account.

CASH ON HAND AND IN BANKS 213,307.08

OFFICE BUILDINGS AND EQUIPMENT LESS DEPRECIATION . . 183,697.33
These modern, well equipped offices are maintained in good condition, and the value is reduced annually for depreciation sustained.

Total Assets . . $9,534,969.08

LIABILITIES

MEMBERS' SHARE ACCOUNTS $8,099,177.67
Amounts entrusted to the Association. Each account is insured up to $5,000.00 by the Federal Savings and Loan Insurance Corporation.

ADVANCES FROM FEDERAL HOME LOAN BANK 222,500.00
Membership in Federal Home Loan Bank entitles the Association to the advantage of securing advances, which are repayable over a ten year period at low interest rates.

Entered as Second Class Mail Matter at Upland, California.

AND IT IS FINE TO BE BACK

Upon returning to one's home town after so short a time even as three weeks, the community is viewed in a new, refreshing viewpoint.

It is natural for one to anticipate returning home but in our case anticipation was excelled by realization. People really are nice and the warm, friendly "welcome home" expressions are a practical demonstration of the fine spirit among local people.

Perhaps "Mac" McQuillen furthered the "friendly community" spirit here more than anyone else. And really, Upland is a friendly, wholesome community.

The Pacific coast and northwest are dotted with many beautiful spots and, of course, many fine people. A traveler is impressed with great activity wherever he goes in the west. There is no mistaking it—the west has seen great development—and grater development is ahead.

Wherever one goes, a strong home-town loyalty is noted. Whether the city is large or the community is nothing more than the typical "wide place in the road," residents there have real pride in their home area.

How much more pride we, of this favored district, should have in Upland and Ontario! It really has far more than most communities. A trip up and down the coast by one with a critical viewpoint brings the very emphatic conclusion that here we have that which many people are not privileged to experience—good, well-managed municipalities almost perfect year 'round climate, stable industries, fine community and cultural centers and wholesome spirit quite free of degrading influences.

Of course, this area, in a few minor points can be improved—and we will be among those constantly urging these improvements.

It is a real satisfcation to be privileged to enjoy three weeks of carefree traveling, knowing that a fine organization of men and women is carrying on the business.

Our first thought on returning home was to inquire "What's happened?" The mail service is good but not good enough to bring a 4000-mile traveler all the copies of The News. And so we turned immediately to the back files to find the answer.

We are more determined than ever to give to our growing communities the finest possible newspaper service.

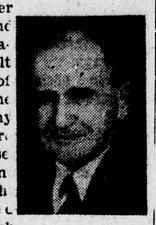

It's great to be home.

THIS LIFE WE LIVE....

By JAMES V. LATIMER

For some weeks I have been talking with you about the Art of Living. Possibly I have made no impression on you whatever, but I have touched my own heart and mind a bit. I continually need to reform or to remould my life, and to recast my list of daily objectives. You may think I talk too much. I can easily agree with you because I seem to remember a remark accredited to the late Benjamin Franklin, when he wrote, "None preaches better than the ant, and she says nothing."

We enjoy music, the stage, painting, good preaching and other such accomplishments and we often fail to remember that such art and perfect presentation is the result of long years of hard work. In the beginning many such talents were of small promise but persistent work and application caused them to be such that we speak of the holder as a genius. Even you, as smart as you are, did not learn to drive a car in a single hour, or to sing a song in a week.

Possibly there is nothing more plastic than the mind. This is especially true of the youth whose brain cells are pliable and of easy flowing. Good habits become real teachers, and such traits as orderliness, promptness, frankness, integrity and others build immortal men and women. It is not done in a day. These traits should add to our lives and make real contributions even to the fine old age of three score and ten years.

So I am still looking for that fullness of life that gives off the feeling of progress and accomplishment and the warmth of living. Such a life builds for attractive personalities and the fullness of life there must be a reason for them. I think it is unselfishness. We must share in order to grow. That is possibly why there are so many fine wives and husbands among our friends. They have learned greatness by sharing and have grown by giving.

I am convinced then that we cannot attain real happiness nor can make progress when the life is closed. Share and grow; give and have the more. That is the law of life. We dare not lower our aim for the best, nor shorten the arm that reaches out and up for the perfect. Life is an Art, and art is a development through long years of hard work and sincere application.

FUNNY ANGLES . . . By Angelo

"And you told me a saxophone would keep him out of trouble."

'Most Barbaric' Indians Take To Civilization

By MURRAY SINCLAIR

AP Newsfeatures

TUCSON, Ariz.—Civilization is infilterating the almost impassable frontier of Mexico's Seri Indians, frequently called the most barbaric, bloodthirsty and primitive tribe in North America.

Much of the fear of these little-known people, who have technically been at war with Mexico for 400 years, is being dispelled by William Neil Smith, 27, University of Arizona student in anthropology, who is now making his fourth trip to the Seris in two years.

W. N. SMITH

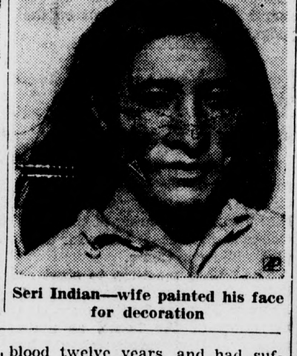

Contrary to general belief, Smith says the Seris have no cannibalistic instincts, do not eat their meat raw, are not committing race suicide by killing their children, and are not treacherous and dangerous.

At one time the tribe numbered in excess of 3,000. In 1939 it was believed to be on the verge of extinction when the population shrank to 150. Some claimed they were practicing infanticide. It was said the Seris found life becoming too difficult and dangerous and had decided to wipe themselves out by killing all newly-born children.

Many of the limited number of writers and ethnologists who have visited Tiburon have been harsh in their description of the Seri. Clemens A. Pajeken, who visited the island a number of years ago, wrote "the Seris appear not to grasp that they are human. Like prey-beasts of the wilderness, they go out to slay men and animals, sparing their own kind."

Other visitors have told of the Indians chasing deer on foot until the animal was exhausted. It would be killed and eaten raw.

"They no longer eat raw meat," Smith maintains.

Seri Indian—wife painted his face for decoration

Mackenzie's Column

By DeWitt Mackenzie

Russia's rejection of the Marshall program for European economic rehabilitation is good news for western democracy.

It is good because it removes a terrible handicap of uncertainty which has been impeding world peace and recovery.

Now please don't misunderstand. The ideal for which all people of good-will have labored would be unity of purpose among the nations, and especially among the major powers upon whom rests the main responsibility for global welfare. There could be no greater boon to humanity than that.

However, with each passing day since the end of the war it has become increasingly clear that the way of totalitarian communism was not that of western democracy.

Moreover western suspicions that the Soviet Union was bent on communizing the world have grown as Moscow has brought nation after nation in Europe and Asia within its zone of domination by coups which have evoked vigorous protests from Washington and London.

For a considerable time it has been obvious to informed observers that there must be a tabling of cards among the major powers. Secretary of State Marshall's economic proposal has forced the showdown.

The western allies tabled their cards when that altruistic proposal was made, and was agreed to by Britain and France. Then the Anglo-French pair extended an invitation to Russia to join, thus leaving Moscow the choice of three courses to pursue.

1. To accept and go all-out in an effort to make the program work, thereby encouraging belief that after all communism and other isms could collaborate.

2. To join with tongue in cheek and then try to scuttle the ship.

3. To reject cooperation, thereby widening the breach between east and west.

The Soviet Union has chosen the third course. Foreign Minister Molotov in turning down the proposal declared that it "would lead to interference in the internal affairs of European countries."

Moscow previously had charged that the United States was using this plan as a subterfuge for extending its own influence in Europe—an accusation which Marshall has branded as "fantastic" and "malicious."

So it's to be non-cooperation—unless Russia has an unexpected change of heart. At long last we know exactly where we stand and we can plan accordingly.

Charge Embezzlement

A complaint charging Raymond E. Glenn, San Dimas, with embezzlement was issued Thursday from the district attorney's office in Los Angeles.

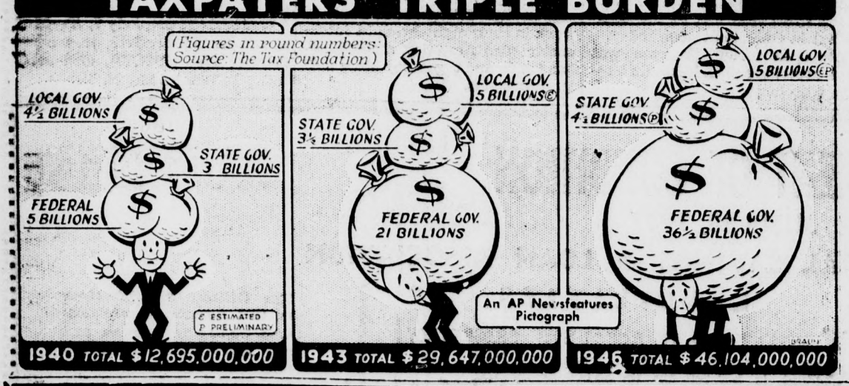

According to the complaint, Glenn is accused of defrauding an Upland resident of a sum of money in connection with a building contract here.

Christian Science Sermon Given

"To the only wise God our Saviour, be glory and majesty, dominion and power, both now and ever." This verse from Jude will be the Golden text of the Sunday lesson-sermon on "God" at the Christian Science church, Ontario, 11 a. m.

According to Mark's Gospel a woman "which had an issue of blood twelve years, and had suffered many things of many physicians, and had spent all that she had, and was nothing bettered, but rather grew worse, When she had heard of Jesus, came in the press behind, and touched His garment. For she said, If I may touch but his clothes, I shall be whole."

Vitamin A gradually disappears from greeen vegetables if they are kept to long.

PCL Renewing Bid For Major Status

CHICAGO, July 7, AP—The major league club owners and officials scheduled their annual mid-summer baseball meetings today on the eve of the All-Star game with every indication that there would be no major action.

President Clarence Rowland of the Pacific Coast league headed a six-man delegation into town, prepared to press once again the Coast league's proposal that it should be recognized as a third major league.

Although the coast representatives held some hope for their mission, Rowland indicated they would be ready to accept any major league proposal that would exempt their players from the draft for a year or two.

"Give us a few years to hang on to our own players," he said "without the American or National league grabbing our best prospects for $10,000 and we will have plenty of big league ball players of our own."

In quite an opposite mood, Leonard J. Roach, Los Angeles county supervisor, had plans for attending the joint major league session with an open invitation for any major league club to move its franchise to Los Angeles, using the Coliseum as its home grounds.

CLUBHOUSE

By BOB DUNNE
AP Newsfeatures

MEMPHIS, Tenn. — Mellowed somewhat in his 48th year, William Harold Terry has "quit baseball for good"—again.

The one-time wonder boy who succeeded John McGraw as manager of the Giants says he has made his final "final" break with the game. This time he is going into the soft drink business and with a title that's familiar—general manager.

Terry's last job as a general manager was with the Giants but he resigned five years ago and began a series of enterprises ranging from cotton raising to ranching.

Recently the old "lone wolf" of the majors was mentioned as a posible manager of several big league clubs and was even associated with a group reportedly formed to buy the Pittsburgh Pirates. This venture collapsed as did the others.

His last actual connection with the diamond was last year when he coached a Memphis high school team on which his son played.

Then he retired "for good."

It was also in Memphis that Terry made his first break away. That was in 1918—after his ever-changing career began with Atlanta as a southpaw pitcher in 1915. But he returned to the game later, winding up in 1924 with the Giants and finally becoming one of the all-time greats on first base.

He won the National League batting title in 1930 with a .401 average, and in June, '32, took McGraw's place. Morose and unpopular, Terry led the Giants to three World Series, the first one coming the year he took over from McGraw.

That was the year William said he'd make "baseball writers eat their unkind words."

Now—15 seasons later — he'd probably like them to drink 'em—soft drinks, that is.

Robinson Set To Box Wilson In Doyle Benefit

LOS ANGELES, AP — Welterweight Champion Ray (Sugar) Robinson apparently meant it when he said he wanted to box in Los Angeles and give part of his purse to the family of Jimmy Doyle, the fighter who died after being knocked out by the New York Negro in Cleveland last week.

Matchmaker Babe McCoy of the Olympic auditorium said he was "pleasantly surprised" at the amount Robinson offered to give the dead boxer's family from a non-title match here Sept. 23 with Jackie Wilson, ranking Los Angeles welterweight.

McCoy said he was also "delighted" that Robinson readily agreed to meet the hard hitting Wilson instead "of some guy named Joe Blow."

City League In Second Week

The summer recreation league swings into the second week of play with a single game carded tonight. Two unbeaten "A" loop outfits, Beers Brothers and Upland Pirates collide at 8:15.

Last Monday night, Beers Brothers decisioned the Ontario Legion 8-2, largely on the flinging of Chuck Hugelman. The Pirates won from the Upland Merchants, 8-3 in their opener.

Tuesday will see another 'A' bill with Van Fleet's going against the Merchants.

In Thursday night's fray, the Shady Grove dairy club defeated the Police, 8-3. Nine errors by the officers was deciding factor in the contest.

Orville Burt, Shady Grove pitcher, limited Chief Gene Mueller's club to five hits. Shady Grove got eight, including a homer by Alvin Book in the fifth with two aboard.

The police were able to score in only one frame. That was the third when Chief Mueller poked a shot to right that went past Brubaker for a homer.

The box score:

Police—	AB.	R.	H.	Shady Grove—	AB.	R.	H.
Wessley, 3b	4	0	1	D. Bert, 1b	4	1	1
Tram'ell, rf	2	0	0	D. Book, ss	3	0	0
Quesada, 1b	4	0	0	O. Bert, p	4	1	1

Batting Order For All-Stars

CHICAGO, July 7, AP—Cincinnati's Ewell Blackwell and the New York Yankee's Spud Chandler will be the starting pitchers in tomorrow's major league all-star game at Wrigley Field, the managers of the respective National and American elague clubs announced today.

The two teams will line up for tomorrow's 14th annual mid-summer classic as follows:

NATIONAL LEAGUE
Harry Walker, Philadelphia, cf.
Dixie Walker, Brooklyn, rf.
Walker Cooper, New York, c.
Johnny Mize, New York, 1b.
Enos Slaughter, St. Louis, lf.
Frankie Gustine, Pittsburgh, 3b.
Marty Marion, St. Louis, ss.
Emil Verban, Philadelphia, 2b.
Ewell Blackwell, Cincinnati, p.

AMERICAN LEAGUE
George Kell, Detroit, 3b.
Buddy Lewis, Washington, rf.
Ted Williams, Boston, lf.
Joe DiMaggio, New York, cf.
Lou Boudreau, Cleveland, ss.
George McQuinn, New York, 1b.
Joe Gordon, Cleveland, 2b.
Buddy Rosar, Philadelphia, c.
Spud Chandler, New York, p.

Merchants Beat Argonauts; Blast Y's Men

Ralling for five runs in the late innings, after trailing most of the way, the Upland Merchants made their first home start a successful one Friday, defeating the Argonauts of San Bernardino, 7-3.

Bobby Anderson, University of California twirler, was roughly treated by the Merchants. Anderson went the distance for the visitors, but was touched for 13 hits.

Bill Gear, who started and finished for Upland, gave seven.

The Argonauts built up an early lead, tallying one in the second and twice in the fourth to lead 3-2 when the seventh rolled around. Upland was in the ball game at that point only because B. H. Wolfe slapped homers in the second and fourth.

But in the seventh, Masters, Aitkens, Luby and Graham hit safely for three runs. They added two more in the eighth on pokes by Glenn and Wolfe.

The box score:

ARGONAUTS	AB.	R.	H.	MERCHANTS	AB.	R.	H.
Keough, 2b	4	0	2	Marks, cf	4	0	1
Moody, rf	4	0	1	Glenn, rf	4	1	1
Sorgen, lf	4	0	0	Wagner, ss	3	1	1
Anderson, p	2	1	1	Masters, ss	1	1	0
Specht, c	4	1	2	Aitkens, 1b	5	1	2
Brechin, ss	3	1	0	Wolfe, lf	5	2	3
Nordlu'd, cf	4	0	2	Luby, 2b	4	1	1
Cooley, 3b	2	0	0	Graham, 3b	4	0	2
Santoni, 3b	1	0	0	P. Smith, c	3	0	0
Anson, 1b	1	0	0	Gear, p	4	0	2
Luno, 1b	2	0	0				
	32	3	7		37	7	13

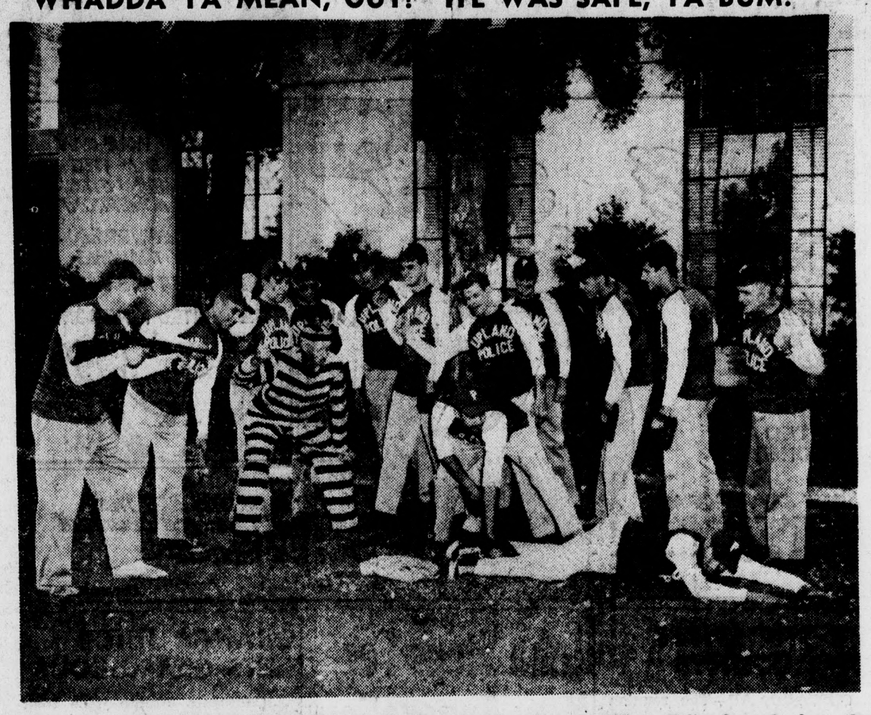

Argonauts	0	1	0	2	0	0	0	0	—3
Merchants	0	1	0	1	0	0	3	2	x—7

Saturday night, the Merchants blasted the Y's Men, cellar occupants, in an American Junior league 19-1 at Perris Hill park.

The game went only four innings, with Darrell Glenn registering the victory. Upland scored three in the first, seven in the second and nine in the third.

Eddie Aitkens was the stand-out batsman, with four blows in four trips. The club got 14 blows in the abbreviated contest.

WHADDA YA MEAN, OUT? HE WAS SAFE, YA BUM!

"You're out," barks Umpire Vivian Harter (in the convict suit) as Officer Felix Quesada lays the ball on Sergeant Devon Francisco. Assisting the arbiter in his decision are the entire personnel of the police department team. Left to right they are Police Chief Eugene L. Mueller (with sub-machine gun), Sgt. Everett Carter, Sgt. Henry Younge, Officer Wilbur Kenny, Reserve Officer George Solters, Reserve Officer Ted Atwood, Officer John Wessley, Officer Mel Trammel, Officer Waldo Owens, Officer Charlie Michaelis and Captain Ralph Palmer.

Rockets Play Pomona Tonight

By DON BENSON

Now that the Ontario Rockets have broken their three game losing streak by beating Riverside, 5 to 4, and the all-star game between National and American leagues decided by a 3 to 0 score for the Nationals, the clubs can settle down for the final rounds of play and start "leveling" in earnest.

Tonight the Rockets play the unpredictable Pomona Pioneers at Washington park at 8:15. Etiwanda, now in third place, plays at Colton against the in-and-out Hubbers, with the hepped-up San Berdoo Prop Room taking on the second-place Riverside Packers at Perris Hill.

Sunset All-Star Game Monday

The Sunset league's biggest splurge to date—their first annual all-star game—takes place Monday night at La Palma park, Anaheim.

Joe E. Brown, famed comedian, will be in uniform to manage the stars, which include five league managers in their playing ranks.

Besides Danny Reagan, Oriole

Park To Get More Bleachers

The Upland city council advised Councilman John Meek, chairman of the park and recreation board, to purchase movable bleachers now in order to provide sufficient seating at Upland city park.

The action was taken at the city council meeting Thursday night.

In making his report to the council, Mr. Meek said that it had been planned to erect concrete bleachers but the cost was prohibitive at this time. Nearly $4,000 is left to spend of the money appropriated for the ball park and temporary bleachers can be purchased for that or less, he added.

It was also agreed by the council to pave the main road leading into the park and the ball diamond. The contract for building rest rooms was awarded to W. C. Cline who had the lower bid at $2,908. The approval was made subject to the city manager's approval.

The lease for the park concessions this year was awarded to Ben Adams.

WILSON TOO MUCH

Upland Lions Wallop Rotarians, 18-12 In Second Annual Clash

A bad second inning and the pitching of Squeek Wilson proved to be too much for the Upland Rotary club softballers as they bowed before the Upland Lions at the Upland city park Friday night, 18-12.

With more than 2,000 people enjoying the antics of one of the "once-a-year" ball players, the game was highlighted with appropriate remarks by P. H. "Mac" McQuillen who announced the game on the microphone. Mr. McQuillen also formally opened the new park just before the contest got underway.

Each team connected with a four bagger, Wilson for the Lions and Bob Thrall for the Rotarians. The blow by the Lions' hurler was a hefty clout going way over the head of leftfielder, Eugene Mueller. Thrall's home run came with the bases loaded in the third.

According to the official "scorekeepers," and there were many, the Rotarians got 16 hits as compared to 13 for the Lions. None of them seemed to bother about keeping tract of the errors and, no doubt, some of them ended up in the hit column instead.

The big inning for the Lions was the second when Rotary errors and Lions hits combined to give the winners six runs. They pushed over four home in the third, three in the fourth, two in the fifth on Wilson's homer with Buchanan on base and three in the sixth.

The Rotarians started out like a "house afire" in the first, scoring one run and filling the bases. They got four in the third, three in the fourth and three in the fifth and one in the seventh.

Wilson pitched all the way for the Lions while the Rotarians used three cnuckers in an effort to stem the Lions tide. Spencer "Clipper" Smith started and was followed by Ellery Wright and Emery Barkow.

Lineups:

LIONS	AB.	R.	H.	ROTARY	AB.	R.	H.
Ack'son, 3b	4	1	1	Wright, 1b, p	5	1	2
Buch'an, ss	5	2	3	Leaman, 3b	5	3	2
Busch, 2b	5	0	1	Mueller, lf	5	3	4

x—Shaw ran for Barkow in sixth.

Junior League Batting Marks

Individual batting averages issued Friday by the league showed B. H. Wolfe topping the list with a .611 stick mark. Wolfe also lead in total bases with 16.

Hitters above .300 in 10 or more times at bat are as follows:

INDIVIDUAL BATTING

	AB	H	RBI	Ave.
B. H. WOLFE (UPLAND)	18	11	3	.611
Sorgen (Argonauts)	18	11	4	.611
Keough (Argonauts)	12	7	6	.585
Nordlund (Argonauts)	11	6	4	.545
Bacon (Yankees)	22	11	7	.500
Woods (Yankees)	16	8	6	.500
Garcia (Yankees)	12	6	2	.500
Claypool (Am Legion)	10	5	3	.500
Anderson (Yankees)	19	9	10	.474
Meddock (Lions)	11	5	6	.455
WAGNER (UPLAND)	14	6	5	.429
LUBY (UPLAND)	12	5	1	.417
R. Mathews (Am. Legion)	17	7	0	.412
Engleman (Travelers)	17	7	5	.412
Velarde (Yankees)	15	6	9	.400
Pendergrass (Argonauts)	15	6	2	.400
Mize (Am. Legion)	18	7	4	.389
McDowell (Yankees)	18	7	9	.389
Clay (Yankees)	18	7	3	.389
G. Beck (Fontana)	17	6	1	.353
Adams (Am. Legion)	17	6	3	.353
Hubbs (Fontana)	15	5	2	.333
Moody (Argonauts)	16	5	1	.313
Peltz (Fontana)	16	5	2	.313
Gesner (Travelers)	16	5	3	.313
Martin (Fontana)	13	4	2	.308
Dyer (Lions)	13	4	2	.308
Meyers (Lions)	10	3	3	.300
Redmond (Travelers)	10	3	2	.300
Mack (Fontana)	10	3	1	.300

With an earned run average of 1.25 per game, Bill Gear of Upland is the circuit's fourth most effective flinger, records show. Jim Claypool, Legion, with 0.60, tops the list.

Orioles Divide

The Ontario Orioles gained a split in yesterday's doubleheader with the Riverside Dons, snagging the nightcap 11-3, after losing the opener, 7-1.

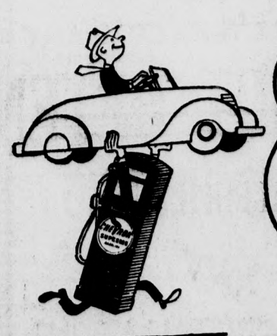

The defeat snapped a three-game win streak for the Orioles. The captured both ends of the Fourth of July bill, 5-4 and 3-1. Saturday they hammered out a 7-2 victory over the Dons.

Ontario Pirates Defeat La Verne

The Ontario Pirates Friday defeated the LaVerne Veterans, 7-6, in a game played at LaVerne.

The Ontarians broke a six-all tie with a tally in the ninth and then held the enemy scoreless in the last half of the frame to emerge victorious.

Kenny Smith and Bill Abernathie pitched for Ontario. Dunlap, second basemen, lead in batting with three safeties. Nixon and Francisco had two.

Inquest Set For Tuesday

(Continued from Page one)

Four went to San Antonio Community hospital and three to Pomona valley.

Few Others

Save for Saturday's tragic train-truck collision in which three died, the accident toll for the Fourth of July week end was surprisingly light in the west end.

Two minor injury cases were reported by the San Bernardino highway patrol. John Pedersen, 41, 2642 West A street, Ontario, suffered contusions and abrasions when walking on A street Saturday night.

He was struck, patrolmen said, by an auto driven by Joe Bean, 402 East Maitland, Ontario. Bean was proceeding east on A at the time of the accident. He was not cited, officers said.

Collide

Yesterday autos driven by Lloyd Dean McKee, 22, 532 Rosewood, Ontario, and Leonard Lee Watson, 18, Ely and Fern, Ontario, collided at the intersection of Arrow highway and Center street, Cucamonga.

Slightly injured, and treated at San Antonio Community hospital, was Carolyn Schulz, 19, 546 East E street, Ontario, a passenger in McKee's automobile.

McKee was cited, officers said, for failure to make a boulevard stop.

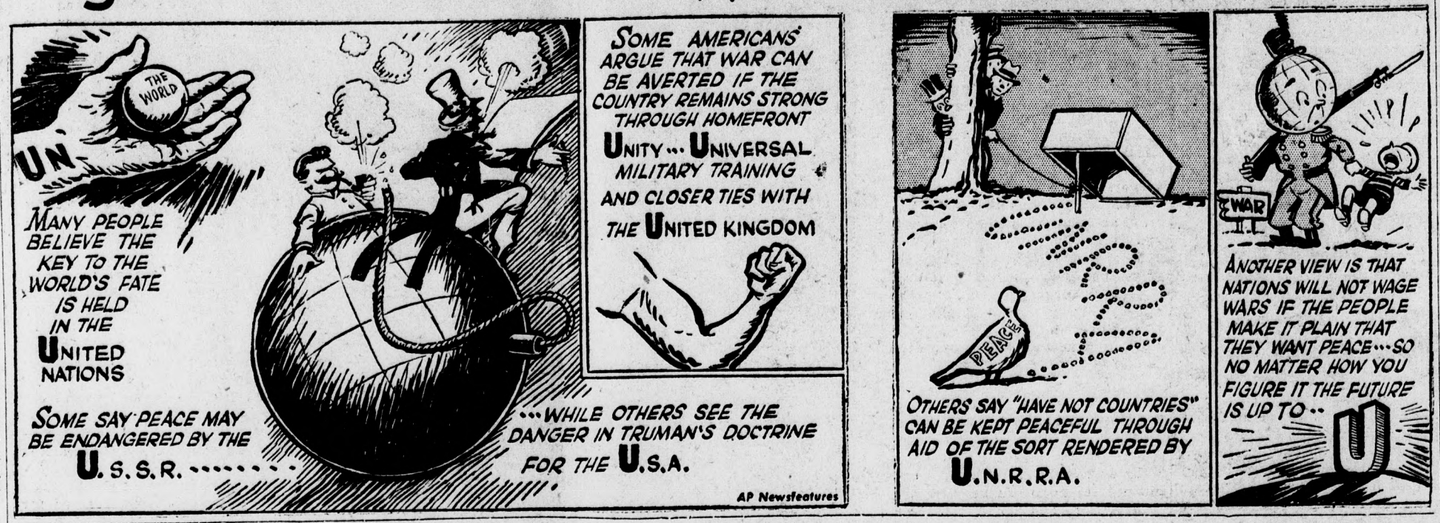

Slightly Injured

Mr. and Mrs. Robert Henderson, 765 North Euclid avenue, and Mr. and Mrs. P. H. McQuillen, 793 North Second avenue, were involved in an auto accident Thursday night on Foothill boulevard near Lone Hill avenue in the San Dimas district, Pomona highway patrol officers reported.

The Henderson car was damaged and injuries very minor nature suffered by Mrs. McQuillen, patrolmen said.

The automobile driven by the Uplander was struck in the rear by an auto driven by Miguel Nicholas Lopez, after the Henderson's had turned onto Foothill from Lone Hill avenue. The accident occurred at 8:10 p. m. Thursday evening.

Figure As You May, Peace Is Up To U

Death Takes Edward Piersol

Friends will pay tribute to Edward Piersol, 31, public relations director for the Pacific Overseas Airlines, tomorrow morning, 11 o'clock, during funeral services at the chapel of the Edwards Brothers Colonial mortuary, Los Angeles.

Mr. Piersol, who died Saturday, joined P.O.A. in April, 1946 and was connected with the same group at Fairfield for a three-year period early in the war. At one time director of broadcasts for the Chinese government, Mr. Piersol later held various positions in the field of aviation public relations. He made his home in Claremont until about two months ago at which time he moved to Hollywood and worked in P. O. A's Los Angeles office.

Survivors include his mother, Mrs. Ethyl Piersol, his wife, Mrs. Nathalie Piersol and two children, Sheila and Camille.

Mrs. Fulton Dies At 70

Following a long illness, Mrs. Helen May Fulton, 70, passed away at the home of her brother, H. A. Humphrey, 790 North Second avenue, on July 4.

Mrs. Fulton, a resident of Upland for a little over one year, formerly lived in Brawley. She was a member of the Methodist church and of the Order of the Eastern Star.

Survivors include besides her brother, two nephews, one in Upland and one in Inglewood, and one niece.

The Rev. Karl Heilman, pastor of the Methodist church, officiated at final rites at Stone's mortuary 2 p.m. this afternoon with interment at Bellevue cemetery, Ontario.

William Tull Back To United States

William E. Tull, Jr., seaman, first class, son of Mr. and Mrs. W. E. Tull of 384 West street, has returned to San Francisco aboard the destroyer USS Orleck, after participating in Pacific maneuvers.

IT'S THE SPIRIT THAT COUNTS

CHICAGO, AP—The reunion of brothers Paul F. Leverenz, 63, and Fred, 53, was an occasion for a celebration in the spirit of Christmas.

A Christmas tree was set up and gaily trimmed in Fred's home. Beneath it was a stack of gifts, all for Paul.

"He's been in California for 30 years," Fred explained. "We're trying to make up for the Christmases he's missed with us." The brothers and 24 relatives topped off the day with a "Christmas" dinner.

Euclid Dances Start July 12

Dances on "Pepper Tree Lane" to the music of a ten piece band each Saturday through the summer will start July 12 on the Euclid Parkway between A and B streets, Ontario, if approved by the Ontario city council.

Sale of tickets was reported heavy by Norman Springer, of the chamber of commerce, who is in charge. Price of admission has been set at $1.

Arrangements have been made for the erection of a portable dance floor 30 by 180 feet which will accommodate 500 dancers.

Tickets for the dance which will run from 8:30 to 12 have been distributed to all local service clubs and a banner turnout is expected on opening night.

Police Chief Herbert Swinney has agreed to block off a portion of the avenue during the dance and officers will be present in order to control the crowd expected.

The primary aim of the dance according, to William A. Kilby, the originator, is to provide outdoor recreation during the summer months.

Assisting Kilby on the committee for the dance are William O. Totman, Herbert W. Swinney, Ralph V. Arnold, Bruce Miller, Norman Springer and Mrs. Doris McFerran.

Take Steps For New Annexation

(Continued from Page One)

meeting for 100 acres in San Antonio Heights to come into the city had been withdrawn. The area had originally offered to pay $2,000 towards the construction of a booster water plant and donate a tract with 70 sycamore trees for possible park use to come into the city. Mr. Hoard said that residents decided to work the water problem out themselves.

The council approved the C. B. Booth subdivision on Foothill boulevard subject to the 45 foot setback. Also the dedication of a portion of the land for a channel right-of-way for flood control purposes was provided.

Propose Rink

The request of R. C. Weitzel for the building of a roller skating rink on the north side of Foothill across from the city park was referred to the planning commission. The proposed building will be 85x100 and cost around $2,500.

No action was taken on the proposed subdivision at Sonora camp. The council pointed out that the place is subject to demolition and "practically condemned." If approved, it must meet all regular subdivision requirement such as sewers, sidewalks, roads, etc.

Sale of a home and a grove on Eighth street by "metes and bounds" was approved by the council under its new amendment. Mrs. Hal Sturges appeared to make the request.

Cut Prices On Fuller Paints

In the face of continued paint shortages, price reductions on a majority of W. P. Fuller & Co. household paint products were announced here today by Roy Galloway of the Upland Paint and Hardware local Fuller dealer. The price reduction is effective now.

Retail price cuts ranging from 20 cents to 60 cents a gallon on many household paints, and as much as $1.70 a gallon on top grade spar varnish, were included in today's announcement. This represents the first large reduction by any major paint company since early 1940.

Top quality Fuller outside white house paint is down 30 cents a gallon. Fuller wall finishes, under the new price scale, will be from 25 cents to 40 cents a gallon lower.

The 1946-47 lemon crop is slightly larger than that of a year ago.

ORANGE JUICE GETS GLAMOROUS

California orange juice took on added glamour at the San Diego County fair here this week.

Thousands of Fair visitors lined up at the shimmering modernistic juice bar of the San Bernardino National Orange show to quaff the golden beverage as it comes from a unique device that extracts the juice from five hundred oranges a minute, a device which eliminates all oil from the peel and shakes out the pulp.

Youth Fined In Traffic Case

Elvis Cantrell, 103 Monte Vista, Alta Loma, was arrested by Ontario police after the car he was driving struck the rear of a truck and trailer when he attempted to make a U turn on A street at the corner of Bon View avenue in Ontario Wednesday evening.

Judge Imhoff fined the Alta Loma youth $10 and 80 days in city jail Thursday morning in Ontario city court, ruling that 75 days of the jail sentence would be suspended if the fine is paid within five days.

Randolph J. Garrison, Los Angeles, driver of the truck and trailer said that he slowed down behind Cantrell's car and felt the light sedan strike the rear tire of the truck after starting the U turn.

Cantrell's car, after striking the truck was thrown against a parked car owned by John C. Campbell 905 East A street, Ontario, police said.

Both cars were damaged but all occupants escaped injury. Cantrell was booked at police station for driving under the influence of alcohol as the result of a sobriety test conducted at the scene of the crash.

Troy Garner, San Dimas, driver of the truck told police that the front wheel of his truck locked causing him to lose control of the vehicle which struck a tree.

Raise Outside Water Rates

(Continued from Page one)

233 North Laurel avenue, Ontario, who is building a home on Hillcrest drive, San Antonio Heights, under the "hardship provision" established when all future outside water permits were cancelled.

Building Inspector Richard Derby testified that he personally knew that plans for the home were near completion prior to the establishment of the council's policy. There will be two more such cases, he added.

Referred to the city manager and the light committee with power to act was the request by the Rev. Lewis Johnson of the Four Square Gospel church for street lights on Eighth street between Sultana and Campus avenues.

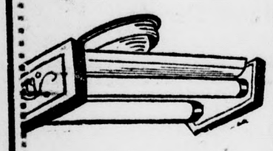

APPROVE LEASE

With the changes requested by the city having being made, the council approved, upon the recommendation of its city attorney, a lease presented by the board of equalization for rental of a room in the city hall annex. Monthly rental was placed at $35.

The second reading of an amendment to the subdivision ordnance was unanimously passed by the council. Now law, it allows the sale of property of three lots or less in special cases. The council, however, will rule on each individual request.

The council agreed to try negotiations again on the matter of the eight-foot strip between the Gossett subdivision at Euclid avenue and Seventh street and another subdivision to the south in Ontario. It is hoped that some agreement can be reached so that cesspools will not need to be installed in the city. It was also decided that subdividers would pay one-half of the cost of installation of sewer trunk lines and the city the other. The city would be repaid by future subdividers.

Thousands See Park Opening

(Continued from Page One)

man beings."

Mr. McQuillen also gave a brief history of how the park was acquired and the start and fulfillment of the campaign to raise $18,000 which made the observance of the Fourth in Upland possible.

ENJOY FIREWORKS

During the fireworks after the game car horns blew as the most spectacular flares and rockets filled the sky above Lone Hill. Excited voices of children and adults could be heard in the darkness. Herman Cordes, Don Meredith, Jake Voth, E. C. Mehl and Charles Benson discharged the fireworks. Sam Barker and Ellery Wright were in charge of making the arrangements.

The all-day celebration began at 1:30 p. m. when the Upland Merchants trounced the San Bernardino Argonauts, 7-3, with B. H. Wolfe hitting two homers.

(Full details of this game as well as the Rotary-Lions contest will be found on the sports page).

Thirty-one field events for children, with prizes for all participants, followed the hardball game and continued until after 5 o'clock. Spencer Smith, Paul Hottel, Howard Mason and Sam Barker on the microphone were in charge of the races.

Family picnics in various sections of the park provided comparative quietness the next few hours, with Upland 20-30 members passing from table to table to provide free coffee. Tables were placed in shady areas and in spite of the heat during the day the cool breeze brought considerable relief.

It was a big day and night for Upland with the promise of many more to come in the future.

Ex-Sailor Admits Killing Woman

PHILADELPHIA, AP — A 22-year-old ex-sailor admitted in a signed statement he strangled a 50-year-old woman, kept her body in a closet of his room for several days, and then abandoned it in a sawdust-filled barrel, Captain James A. Kelly of the homicide squad reported.

Arrested on an anonymous tip and charged with homicide, William A. Wagner, Jr., confessed the slaying of Margaret C. Dougherty, Kelly said.

PATIENTS

At Memorial Community hospital:

Mrs. Ivory A. Burks, 757 East A street, Ontario, entered for major surgery.

Ralph Childers, 721 South Euclid avenue, Ontario, has been dismissed following major surgery.

Buck Hambrick, 1071 South Archibald avenue, Cucamonga, entered for minor surgery.

Ralph J. Faneuf, 1329 South Euclid avenue, Ontario, entered for medical care.

100,000 People Crowd Resorts In Mountains

Vacation resorts in the San Bernardino mountains attracted an estimated 100,000 crowd over the Fourth of July week end, according to California highway patrol officers.

Since southern roads into the mountain area were highly congested, many drivers entered through Cajon pass and other northern roads.

UNIVERSITY OF CALIFORNIA TACKLES PROBLEM OF HOT SUPERSONIC PLANES

By RENNIE TAYLOR

BERKELEY, AP—The problem of sizzling hot supersonic planes is being tackled by University of California researchers.

The outside surface of a plane traveling 600 miles an hour at low level is about 120 degrees fahrenheit. At present, planes of this type stay in the air only a few minutes at a time, not long enough to become heated inside. But a flight lasting two or three hours would be a different story.

Anticipating the heat problem in planes rated at supersonic speeds —760 miles an hour and upward— a group of the university's engineers under the direction of H. A. Johnson is making calculations on the temperatures with which fliers will have to contend. The work is being done under a contract with the army air forces.

Tiny models of planes are put to the test in a small wind tunnel. Air is blown through the tunnel at speeds below that of sound. Air friction on the plane surfaces are recorded.

From these figures, Johnson said, calculations can be made on the amount of heat generated by much higher speeds. As an example he figured that a plane going 1,200 miles an hour would reach a temperature of 200 degrees.

That is about the limit for materials now used in planes, he added. Greater temperatures than that, coupled with the stresses set up by the speed, would tend to break aluminum structural parts, Johnson asserted.

NEW SUPER-BRIGHT LUMINOUS FISH HOOKS.

At last, here are the sensational new fish hooks that actually invite fish to bite 'em and get hooked. Glo-Hooks not only hold fish after they are hooked, they really lure more fish and bigger fish to your hook. The super bright plastic compound molded on every Glo-Hook is the most highly luminous known to modern science. And it's well known that fish, as well as many other creatures of nature are attracted almost irresistibly to light.

LAND BIGGER AND BETTER CATCHES

Order your Glo Hooks today. Set of 5 assorted size Glo Hooks, only $1.00 postpaid. Double your money back if you're not convinced Glo-Hooks are world's greatest fish catchers.

Two Ontario Men Help Children At Casa Colina

Thomas Patrick Smith of Van Nuys, is shown here getting a free haircut at Casa Colina, number 17 on the list the other night when this picture was taken.

The barber is W. H. "Bill" Cowan who operates the Palace Barber shop, 121 West B street, Ontario. At least once a month for the last nine years, Bill has been making trips to the Casa Colina home in Chino and cutting the hair of from eight to 27. Sometimes, it is necessary to make two trips down there on successive evenings but Bill does it gladly. He makes no charge for his services.

Young Tommie is not always required to wear the cast shown in the picture. He is an infantile paralysis patient at Casa Colina.

But Bill is not alone in his generosity. Another man, O. C. Miller who farms at 1215 South Oaks avenue, Ontario, is a regular contributor. Mr. Miller has been leaving a crate of strawberries a day . . . sometimes more . . . at Casa Colina. Berries are sometimes too small for marketing though frequently they are extra large ones he particularly wants the children at Casa Colina to have.

One evening recently he left 11 trays. Because of the big number, the entire staff lent a hand at canning. Some 52 quarts were sent to the freezing unit and 25 quarts of strawberry jam were made.

As a result, the crippled children at Casa Colina can look forward to have fresh frozen strawberries on Christmas day—thanks to the generosity of O. C. Miller.

And the children will continue

to have free haircuts—thanks to Bill Cowan.

GAS COMPLAINT

MISSOULA, Mont. (AP) — A Canadian motorist returned, engine of his car sputtering, and complained about the gasoline sold him at a filing station

Legal Notices

NOTICE OF PUBLIC HEARING

Notice is hereby given that the City Council of the City of Upland will hold a public hearing on Thursday, July 17th, 1947, at 7:30 o'clock P. M. in the Council Chambers, on the following proposals for re-zoning:

Change the following described property from the R-1-B family Residential Zone to the R-3 multiple family Residential Zone:

Property is located on the East side of Third Avenue opposite the end of "G" Street, and more particularly described as follows:

Beginning at a point on the east line of North Third Avenue 413.5 feet South of the Southeast corner of said Third Avenue and East Eleventh Street, thence south along the east line of said Third Avenue for a distance of 213.5 feet, thence easterly along a line parallel with the South line of East Eleventh Street for a distance of 219 feet, thence Northerly along a line parallel with the East line of said Third Avenue for a distance of 213.5 feet; thence Westerly along a line parallel with the south line of East Eleventh Street to the point of beginning.

UPLAND CITY COUNCIL
By Hazel M. Cassell, City Clerk.
Dated: July 7th, 1947.

A MONOGRAM PICTURE
IT HAPPENED ON 5TH AVENUE

ALONG FIFTH AVENUE

Linda Davis taking a tumble from her tricycle.

Jo and Rosemarion Cunningham spending weekend at their summer home at Bay Shore—Jo sure got burned.

Joanne Welch having fun with her dog.

Carl Riggs going to Monrovia four nights in a row.

James and Jack Welch having fun with fireworks at Jack Wilkins home. Dad Wilkins and Grandad McPherson helping and seeming to enjoy it. Maybe remembering when they were boys.

Pat Bic and Curtis Rogers cruising leisurely up Fifth Ave. the 4th of July.

Mr. J. O. Ramey enjoying lots of company on Sunday—especially one lady friend.

Mr. and Mrs. Eads strolling hand in hand up Fifth Ave. in the cool evening breeze.

Bob Sibold taking his niece for a ride in the car.

Bob Pace late delivering Upland News Thursday the third — maybe too much Arkansas picnic—eh, Bob?

Mrs. Hawkins having trouble keeping track of Barbara and Kenny.

Linda and Barbara Ann Davis staying too long at the store.

George Ray Davis and Rawlin Von Stroh having lots of fun with Fourth of July cap guns.

Mr. Boothe closing the store all day the Fourth.

Welch family enjoying home made ice cream the Fourth at home. Did you need another freezer?

Fifth avenue residents anxiously awaiting the opening of "It Happened on 5th Avenue" at the Grove Theatre Thursday.

Former Ontario City Head Wins Promotion

Neal D. Smith, former Ontario city manager, has been appointed assistant city manager of San Diego, it has been announced.

Smith left Ontario in December, 1945, to become city engineer of San Diego.

Announce Openings For Therapists

Positions for qualified physical therapists in Veterans administration hospitals throughout the country are now open, the U. S. civil service commission announces.

Applicants must be graduates of approved schools of occupational therapy. Deadline for filing applications is August 12. Further information may be obtained from the commission's local secretary, Henry McMasters, at the post office.

Test New Ore At Fontana

Processing of iron ore from Eagle Mountain, where a supply sufficient for 70 years is believed available, has been begun at the Kaiser blast furnaces in Fontana, F. M. Rich, company vice president announces.

In charge of test runs on the new ore have been C. H. Lenhart, general superintendent and Ed Duffy, blast furnace superintendent. Both men reside in Upland.

"The test results have exceeded the best hopes of our operators," Mr. Rich declared. He explained that a small percentage of the ore was first put in the furnaces on June 10. This was steadily increased until, June 16 when 80 per cent of the burden was composed of Eagle Mountain ore.

Eggs provide high-quality protein.

Advise Vets On Malaria

Veterans who are drawing compensation for malaria were warned today by Edgar C. Pierce, Upland Legion service officer, that recent rulings of the Veterans Administration provide that disability payments for malaria will be cut off at the end of a year without physical examination, unless medical evidence has been sent in to prove the veteran had suffered a release or recurrence during the 12-month period.

Veterans are advised to report to a physician every time a relapse occurs, securing the doctor's statement indicating the attack was malaria together with treatment records and evidence of a positive blood smear.

Affidavits from other persons who have seen the attack will also be helpful. All this evidence should be submitted to the VA immediately following each attack.
